

Iowa Asian
Foundation for
Higher Education
and Excellence

Mission Statement

The Iowa Asian Foundation for Higher Education and Excellence (IAFHEE) is an organization that was created to support individuals of Southeast Asian heritage in their pursuit of bettering themselves in life through education. We believe that education is a life-long learning process that is integrated with everyday tasks and challenges, and is the key to economic and social opportunities and advancement. We support continuing education at all levels and throughout an individual's life.

Information

The Iowa Asian Foundation for Higher Education and Excellence has been giving out scholarship awards for the past four years to local high school graduates with Southeast Asian lineage. These scholarships have been in the form of laptops. The number of awards handed out each year is dependent on the amount of money raised from individuals and business sponsors who believe in IAFHEE's mission.

Last year's IAFHEE graduation ceremony was held at Tai Village to recognize and congratulate all high school graduates and award the IAFHEE Scholarship winners. We hope to have our ceremony this year at the Tai Village again with the date yet to be determined. A newsletter will be sent out to the community as soon more information is available. You may also visit us at www.iafhee.com for up to date information.
